EXECUTIVE SUMMARY

Senior Technical Leader with over **15 years** of experience architecting cloud-scale systems and enterprise **AI/ML** frameworks. Expert in transitioning legacy infrastructures into modern, **API-first** agentic workflows. Proven track record in leading technical due diligence for two successful corporate exits. Specialized in **MLOps**, **RAG** pipeline design, and multi-cloud (**AWS/Azure**) governance, with deep expertise in Model Context Protocol (**MCP**) and multi-agent orchestration.

KEY ACHIEVEMENTS

- Exit Leadership: Architected GTM Systems for the acquisition of **Polyga** by **LMI Technologies** and **OCAL Financial (TSX-V)**.
- AI/ML Orchestration: Engineered high-availability **RAG** pipelines and agentic workflows, achieving **LLM 90%+** accuracy.
- Systems Governance: Established **99%** technical standards for global infrastructure, leading **API-first** and cloud-native designs.

WORK EXPERIENCE

Principal Systems Architect & Technical Lead Rhei (Retainer) | Aug 2025 – Present

- Agentic AI Orchestration: Architecture and deployment of multi-modal agentic workflows using Python, and Claude 3.5.
- MCP Integration: Designing and implementing MCP servers to bridge disparate enterprise data silos for AI agent.
- RAG Pipeline Engineering: RAG pipelines and functional AI proofs-of-concept, optimizing for accuracy and governance.

Marketing Manager & GTM Systems Lead Ocal Financial (TSX-V: OCAL) | Nov 2024 – July 2025

- Enterprise Modernization: Engineered automated infrastructure for a public entity, ensuring compliance for TSX-V listing.
- System Automation: Built API-first middleware to automate lead-scoring, scaling SQL volume by 100% MoM via automation.

Marketing Manager & GTM Systems Lead Polyga Inc. (Acquired by LMI) | Jan 2023 – Feb 2024

- Technical SEO: Engineered architectural modernization to secure **#1 Google** rankings for competitive industrial keywords.
- Acquisition Leadership: Directed global GTM technical specs, leading to successful due diligence and acquisition by LMI.

Marketing Operations Lead Terramotus Solutions Inc. (Contract) | Feb 2021 – Dec 2022

- Full-Cycle GTM: Global Deployment of Industrial products, coordinating PR, technical specifications, and distribution.
- Digital Infrastructure: Developed High-Fidelity Wireframes and Web Infrastructure to support High-Impact Product Launches.
- Scale and Standardization: Directed Global Systems Standardization, managing Technical Writing and informational Design.

Principal Growth Consultant & GTM Specialist Acele.ca | 2011 – 2020

- Infrastructure Strategy: Full-stack Development and Technical SEO/SEM execution for high-traffic, multi-million dollar clients.
- Revenue Strategy: Designed User Acquisition Systems and Media Proposals, aligning Technical Specs with Market Demand.
- Technical Communications: Editorial strategy and PR for large-scale events, securing grants and major media coverage.

EDUCATION

Certificate in New Media Design & Web Development (Systems Focus) | British Columbia Institute of Technology (2017).

- AI/ML: Agentic Workflows, RAG, MCP, LangChain, AutoGen, LLM Orchestration (Claude/Gemini), Vector DBs, ReAct.
- Languages: Python (Expert), Java, SQL, API Design, MLOps, Docker, Kubernetes
